PERSONALISED STANDBY TOURS TO CRADLE MOUNTAIN & GREAT WESTERN TIERS AREA

FROM AS LITTLE AS \$90.00

Outdoor recreational Transports main function is to transport bush walkers and other outdoor people to and from many of Tasmania's National Parks. However, from time to time, we have spare seats on many of our runs such as Launceston to Cradle Mountain, Launceston to Walls of Jerusalem area. If you have a day to spare & would like a budget price tour, you can join us on one of these runs and as well as seeing our final destination we can tailor a short day tour on our way back to Launceston.

HOW IT WORKS.

On some of our pre-booked runs to National parks, particularly when we are leaving Launceston or Launceston Airport reasonably early in the day (can be any time from 7am to 10am); we often have some spare seats. The number of seats can vary from as little as two to as many as ten. Having dropped our bushwalking friends off at their destination we are then free to give you our full attention and show you some of our beautiful state. The price for these seats will vary, depending on the number of passengers we already have. The maximum you would pay would be \$125.00 and the minimum \$90.00 These prices **include** your **National Park Entrance Fee & afternoon tea** but do **not** include entrance fees to attractions (such as wildlife parks/caves) or lunch.

Example (1) On a trip to Cradle Mountain we can remain for up to four hours (depending on what time we left Launceston) which is time enough to walk around Dove Lake, or undertake one or more alternative walks in the area as well as visiting Waldeim to see where Weindorfer originally lived. You bring your own packed lunch or purchase in one of the Cafes or Hotels in the area. Of course you will need to be suitably dressed, with adequate footwear for a day in the Mountains. However, we do have some equipment and clothing available for hire at a very modest fee if you require. Please seek advice from us if you wish to undertake this type of tour. NOTE: If the weather at Cradle is not suitable for walking, then we can leave the Park and undertake one of our alternative tours - see below. Please remember, this is a very personalised service and although we will advise you on what there is to see, you can, to a certain degree dictate where we go and how long we stay at a particular attraction.

Example (2) Instead of staying at Cradle Mountain, we slowly make our way back to Launceston via any of the places and attractions shown below. Obviously we would not have time to visit all. But we will advise you as to what we can achieve in one day. Attractions on the Cradle/Launceston route are:

Staverton (Horse trekking); Tasmazia (Lavender Farm & Model Village); Sheffield (town of Murals), Mole Creek Tourist Caves; Mole Creek Wildlife Park; Honey Farm; Villaret Gardens, Ashgrove Cheeses; Christmas Hills Raspberry Farm; Alum Cliffs, or if you have a place you particularly want to visit and it does not increase the length of our total journey by more than 40 km we will take you there. Obviously there may be other passengers who are also on this tour so we will negotiate prior to departure.

ADDITIONAL COSTS

Obviously if we visit any attractions that have entrance fees, then these must be added onto the cost of your tour, however we can often negotiate **group rates** which will make it cheaper for you. We suggest you either bring a packed lunch or you can purchase at tea rooms or bakeries.
